# DIABETES

## ON THE RIGHT PATH TO DIABETES MANAGEMENT

This pamphlet focuses on three ways to control diabetes through preventive care. Give this to your patients to educate them on the importance of an annual Hemoglobin A1C test, cholesterol and triglyceride profile, and eye examination.

Remind your patients of an upcoming A1C test, lipid profile, or eye exam with this handsome and simple reminder card. The Medicare QIO also provides matching envelopes.

This 3" x 3" chart sticker will help you keep track of your diabetes patients' annual tests with just a glance.

"I control my diabetes so I'll be around to see the next Jackie Robinson." This durable cardstock handout will inspire diabetes patients to actively control their diabetes.

# IMMUNIZATIONS

Thanks to this 2" x 4" chart sticker, with just a glance, you'll be able to keep track of your patients' immunizations records.

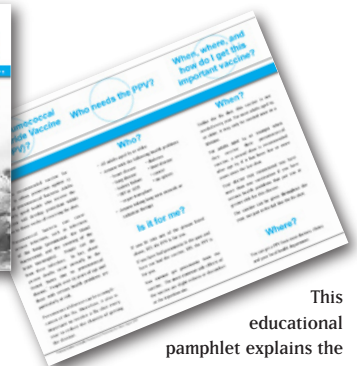

Patients can place this sticker on their Medicare ID card so health care professionals will always know if and when they've received a PPV.

GOOD HEALTH.  
PEACE OF MIND.

When posted in an examining room or waiting area, this 11" x 17" poster will remind your patients of the seriousness of pneumonia, and encourage them to get a PPV.

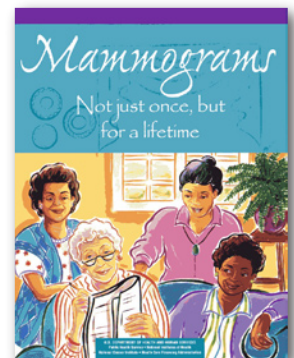

This educational pamphlet explains the importance of the pneumococcal polysaccharide vaccine. Patients will learn when, where, and how they should get this very important immunization.

# MAMMOGRAPHY

This colorful 11" x 17" poster, developed by the National Cancer Institute, emphasizes the importance of yearly mammograms.

NOT JUST ONCE,  
BUT FOR A LIFETIME.

This informational pamphlet geared toward Medicare beneficiaries is the perfect companion for the National Cancer Institute poster and bookmark.

A helpful mammogram reminder, this bookmark reminds patients that they are never too old to receive regularly scheduled mammograms.

This 2" x 2" chart sticker will help you more easily keep track of your patients' mammogram schedules.

Tear off a sheet of this notepad and give it to your patient. It will provide her with important information on breast cancer prevention and remind her of her next appointment.
